Tripadvisor performs checks on reviews.nsgDublinDublin, Ireland5 contributionsAvoid this overpriced parkWe visited here as a family of four we love waterparks and have been to a lot. This waterpark is our worst experience as well as needing to be upgraded it is by far the most expensive one we have ever visited. The food and drink is so expensive 3.60 for a bottle of water in the shop. Then theres the fast pass 28 euro per person and nobody supervising the ques, which were the biggest ques i have seen far too many people let into the patk. This park is all about how much money they can take in and not customer satisfaction. Then to finish our very expensive day my sons Nike flip flops were stolen, park staff were informed that somebody seen 2 guys robbing flip flops staff approached them and of course they denied it and left. The member of staff told me that they cannot check their bags even tough they were seen robbing at least 2 pairs and im sure they had stolen more items. Wheres your security?? Would never visit this waterpark again. This review is the subjective opinion of a Tripadvisor member and not of Tripadvisor performs checks on reviews. Paul FBraintree, UK2 contributions are views. Paul FBraintree, UK here is geared towards making money and not customer satisfaction. As soon as we drove onto the car park we were greeted with a 6 euro car park fee having already paid 90 Euro¢ÃÂÂs for our tickets. An adult is classed as 11 years and above. When as an adult ever been classed as that! We needed to store our property away and Which, 11 more euros to rent a cliff, although you receive 5 euros back when returning your key. Oh the proportion you can pay an extra 28 euros per person! If you want a rude pass. The park allows many people inside and as such I have never witnessed queues like it, almost receiving third degree burns while queue due to the lack of shelter. While Filava my son left his sliding controls at the bottom of one of the slides that were stolen upon returning to put them back. Everything that should have been a good day of Famalia turned out to be a stressful and disappointing day. We feel totally disappointed and more than 100 euros lighter. In all honesty I think I went to 6 slides all the time I was about 11.30 -15.30 my wife and I were in this park varies before having children and completely had fun, however, I had an experience so bad today I felt the need to take my frustration and write this honest review. In my personal opinion, the range range pass causes chaos to the queue system and adds to the problem. Just more money to make rackets. Having been to this park on many occasions I wanted to show my children which is a great experience, however sure I will not return to the Most Earth after this experience. A very disappointed Fumália. This review is the subjective opinion of a TripAdvisor member and the TripAdvisor performs checks on comments. In fact, we are residents of the island and have not been in Aqualand since it is small. So, in one of our days off, we decided to go. We recommend 100% of obtaining the rude pass, since it was having -it was not very busy, we did the tours almost immediately. In addition, the armies were a great help, but it is true that about 11 the lines begin to become very long. We brought our own food and drink with us, then, from what we saw in about two lines for the food, also very full. In our opinion, the best ride was Rapids, because there were several sections and the employees are really what they do or break the ride, we set it so many times. Finally, the team was super friendly and some of them really stressed to make sure it was fun. LLC. TripAdvisor holds checks in the reviews. Thank you so much to your kind review.
