Inputs > Commands > Zone Chime is ON. When running a business, you have to decide on what type of accounting system you wish to use. Therefore the system will automatically turn All On at 7:00pm. 16 zones, at 6:55pm. To clear all text from the cursor position to the right, press 3. To program the holiday start date and stop date, use the [OFF] key. If the owners need access to some data in the system, they have to wait on someone from the accounting department to get it for them. Enter programming mode (PIN + MENU) then, 1. Enter [MENU] + [2] + [0] + [5]. This helps you avoid using the wrong data. be programmed as a wireless zone. A fire alarm is active Flashing The [] key allows you to navigate through No fire alarm menus or to toggle characters when programming telephone numbers. You should contact your security company. 3. To exit, press [OK]. At any time you can use the [] and [] keys to scroll through Press OK to SAVE the complete list of available characters. Zones A 'Zone' is a detection device, or group of devices connected to your security system. Another advantage of manual accounting systems is that they are easier to make changes to. The following additional special characters are available scrolling using down arrow keys. Duplicating the data would be a very involved process, which is not likely to occur. Page 30 Customer 22 DTMF Quick Arm9 Remote Arming9 Email Address22 RF Keypad Email Options22 Add 11 Delete 12 Features5 Fire Alarm6 Schedules Bosch Security Systems 03/10 BLCC100U... 2. Use the [] and [] keys to select the user that you want to add a PIN, then press [OK] to select. Alternatively, you can enter the user number you want. Bosch Security Systems 03/10 BLCC100U... If the system has been partitioned, the keypad will External Audible display a list of areas. While every effort has been taken the accuracy of this document, outside of the enclosure during installation, neither Bosch Security Systems Pty Ltd nor any of its official representatives shall have any liability to any person or entity with respect to any liability, loss or damage caused or alleged... without saving. 3. *5# (End of Call Forward sequence after 5 seconds). Press OK or MENU The keypad will display the following when the output is ON and missing: Bosch Security Systems 03/10 BLCC100U... Date And Time 3. Press [OK] or [MENU] to exit. [OK], or press [MENU] to exit without saving. Another advantage of using a manual accounting system is that it is easily accessible to anyone who needs the information. With a manual system, you simply have a book with your data in it. Zones are identified by the area they monitor, such as a front door, bedroom window or hallway. One of the benefits of using a manual accounting system is that you know your documents will always be available when you need them. This is not always the case when you use a computerized system. When you use a computerized accounting system, many times the data will become corrupted, and you will not be able to access the information any longer. The keypad will display the battery voltage whilst under test: Bosch Security Systems 03/10 BLCC100U...
